Front-end Web Developer

## // Profile

I'm a Multimedia Designer student at KEA, specializing in Front-end Web Development in my third semester. I have a flair for Graphic Design and UI/UX Design, and I am currently searching for a Front-end Web Developer internship for my fourth semester to put my coding skills to use and gain real life experience.

## // Education

### > 2021 - 2023 ○ Multimedia Designer @ KEA

Building responsive websites with HTML, CSS and JavaScript. Prototyping and wireframing with Adobe XD. Frontend Design as my third semester elective with focus on Frameworks and Libraries such as React.js, Sass, and Tailwind CSS.

### > 2018 - 2021 ○ STX @ Høje-Taastrup Gymnasium

Scientific field of study: A-level Mathematics, B-level Physics, and B-level Chemistry. Wrote my thesis on *Complex Numbers and Alternating Current* as my specialized study project.

### > 2017 - 2018 ○ Skilteriet @ Medieskolen Lyngby

Sign Technician workshop, working with Adobe Photoshop and Adobe Illustrator to create designs and printing on foils and merchandises, such as T-shirts, coffee mugs, stickers, mouse-pads, banners, roll ups etc.
